

QUALITY POLICY

The Quality Policy of SPIN S.A. aims to satisfy customers' needs at all times through competitive service that provides them with imaginative solutions and exceeds, if possible, their expectations.

The Management maintains the commitment to comply legal and regulatory requirements as well as those specific to the customers and hereby states that quality is a competitive priority for SPIN S.A. The company is fully convinced that to achieve it, a Quality Management System must be in place and takes as a model the requirements within Standard UNE-EN-ISO 9001:2015.

Our values are:

- Innovation
- Creativity
- Professionalism

The general objectives in accordance with this policy are:

- Achieving a clear positioning in the market as a company with a high level of quality.
- Achieving a clear positioning in the market as a leading company in Industry 4.0 technologies
- Achieving the full satisfaction of the customer in every case, by means of continuous assessment and an absolute willingness to assist.
- Ensuring that quality, continuous improvement and pollution prevention are basic elements of the company's culture.
- Ensuring that all SPIN S.A. members commit themselves to the company's Quality Policy, and contribute with their personal abilities to the achievement of the objectives.
- Provide the necessary training and resources to all the people in the organization so that they can fulfil our permanent commitment to quality and environmental respect.

By guaranteeing quality, we are ensuring our future.
